

Review Board Case 312-002

In the Review Board Case 312-002 Bobby Jasinski vs. Travis Luther Lowe and the Election Commission, The Review Board finds in favor of Mr. Lowe by a 5-1 vote with one recusal. On the issue of Mr. Lowe's eligibility, we refer to Dean Volp's declaration that Mr. Lowe is a part of the 2006 social class. On this issue of libel, the information presented was not known to be false. Further, the charge of libel is a Class 2 infraction and would not warrant Mr. Lowe's removal from office. Finally, on the issue of Mr. Lowe's financial form, The Review Board finds that there is not sufficient evidence to link Mr. Lowe to the tribetonightslate.com website. Also, pursuant to the Elections Commission Code **§5.4-10**, The Review Board feels that none of the alleged infractions would have altered the outcome of the election.
